### Early Childhood Center

HJC's Early Childhood Center provides a nurturing, safe and caring environment, where children can grow emotionally, socially and intellectually. We provide the children with an outstanding education, rich in academic and social growth. Our core philosophy is to help children grow in every area, in a developmentally appropriate way. Our goal is to help create enthusiastic lifelong learners. We empower the children to become independent, self-confident and motivated learners, who will be well-prepared for Kindergarten in every way. We instill in them the Jewish values and traditions as part of their curriculum. We take pride in teaching each child how to learn by addressing individual strengths, and we work hard to inspire the children to enjoy learning and be excited about school.

Our outstanding educators are certified teachers, and we are licensed by the New York State Office of Children and Family Services. Our faculty has many years of experience with children in the early childhood years, and some have additional experience with elementary age children as well. They are incredibly talented and dedicated educators, who devote themselves to your children and your families, with care, respect, and love.

As part of our school day, all of our children enjoy weekly library classes, where our librarian introduces a lesson rich in great literature, and every child is given the opportunity to take out a book each week. We have weekly music classes with our talented Cantor Gordan. We also offer a Mommy and Me program for children 11-22 months old.

Our after school enrichment program enhances the daily school experience. We offer enrichment classes in science, sports, art, rhythm and movement and computer skills.

**NEW THIS YEAR:** Extended hours to accommodate your busy schedule: Monday - Thursday 7:30am-5:30pm, Friday 7:30am-4pm.

We hope you will become part of the HJC family, where you and your children will begin a lifelong journey of learning and friendships.

Yours truly,

Ilene Brown, Director
